Shenzhen · Open to remote work

Product designer with five years of experience *across 0-to-1* product definition, core UX and design systems. Experienced in remote, cross-cultural collaboration, with the ability to *integrate AI into implementation, testing and release*.

WORK EXPERIENCE

01 Independent Product Practice Independent Product Designer	2026.05 / Present Built and released Dotto, a relationship-memory iOS app, as an independent 0 → 1 product. - Defined the product model and core journey around people, dates and relationship records. - Designed the UX and visual system, then used AI-assisted development to build, test and release the app.
02 ZUVI · Morpho Senior UI/UX Designer Software Product Manager Hardware + Software	2025.05 / 2026.04 Joined as Morpho's sole UI/UX designer, established the software product framework, and later took on software product management. - Defined the architecture and core workflows across desktop and on-device interfaces. - Aligned software requirements with hardware behavior and coordinated cross-functional delivery.
03 DeTrip UI/UX Designer Remote contract · Cross-cultural	2024.10 / 2025.04 Worked as DeTrip's sole designer within a cross-cultural team, shaping a Web3 OTA across consumer hotel booking, corporate travel and peer-hosted stays. - Defined the brand and product interface language. - Designed end-to-end booking and management flows across its three service models.
04 Valyuu UI/UX Designer Remote full-time · Cross-cultural	2022.10 / 2024.07 Sole designer across Valyuu's B2C marketplace, B2B portal and partner trade-in products, contributing to prioritization and delivery. - Used analytics and research to identify mobile and sell-side friction, leading the marketplace redesign from MVP to 2.0. - Built the design system and responsive patterns, and reviewed implementation quality. - Designed B2V and Ben trade-in experiences for standalone and embedded use.

05 Shopee UI/UX Designer Cross-cultural	2021.09 /2022.11 Designed Shopee Listing products across internal tools, B2B services and consumer experiences. - Owned the end-to-end Dropshipper UX, from discovery and pricing to catalogue management and sharing. - Designed product-relationship management and price-comparison tools. - Improved product-management workflows in Seller Center.

常驻深圳 · 开放远程合作

五年数字产品设计经验，擅长将早期想法推进为可落地的产品，覆盖 0→1 定义、核心流程与设计系统。具备远程及跨文化协作经验，能够将 AI 融入产品实现、测试与上线流程。

工作经历

01 独立产品实践 独立产品设计师	2026.05 /至今 独立完成关系记录 iOS 应用 Dotto 两点的 0→1 产品实践。 - 围绕人物、重要日期与关系记录搭建产品框架，定义从保存关系信息到为重要时刻做准备的核心体验。 - 完成交互、视觉语言与设计系统，并借助 AI 推进开发、测试及中国区 App Store 上线。
02 ZUVI · Morpho 高级UI/UX设计师 软件产品经理 软硬件协同	2025.05 /2026.04 前期作为 Morpho 唯一的 UI/UX 设计师搭建软件产品框架；团队扩充后共同完善细节，并进一步承接软件产品经理职责。 - 定义 UV 打印机桌面端应用与设备端界面的产品架构、核心流程和交互逻辑。 - 衔接软硬件需求，推动跨职能团队完成产品定义与交付。
03 DeTrip UI/UX设计师 海外远程合同制 · 跨文化团队	2024.10 /2025.04 作为 DeTrip 唯一的设计师，与多文化团队协作推进 Web3 OTA 产品设计，覆盖个人酒店预订、企业差旅与房东自主发布房源三种业务形态。 - 定义品牌与产品界面语言。 - 设计三类业务的端到端预订与管理流程。
04 Valyuu UI/UX设计师 海外远程全职 · 跨文化团队	2022.10 /2024.07 作为 Valyuu 唯一的设计师，负责 B2C 交易平台、B2B Portal 与合作方回收体验，并参与产品优先级与交付协同。 - 结合数据分析、访谈、问卷、用户评价与 NPS，识别移动端和出售流程中的关键阻力，并据此主导交易平台从 MVP 到 2.0 的体验升级。 - 建立设计系统与响应式规则，并在开发阶段持续跟进实现质量。 - 设计 B2V Portal 及 Ben 合作体验，包括独立站与网站嵌入式回收流程。
